

# Deltek Project Portfolio Management Suite

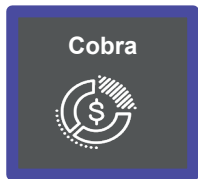

World-class performance management, workflow, scheduling and risk management solutions to help you consistently deliver successful projects

Deltek's industry-leading Project Portfolio Management (PPM) solutions provide robust earned value management, configurable workflows, scalable scheduling, and advanced risk analysis, which helps clients achieve improved levels of project success.

- Deltek's PPM software enables informed decision making through the delivery of real-time metrics, project performance analytics, and risk reporting.
- Join the thousands of customers worldwide who trust Deltek to help them drive peak performance and profitability.

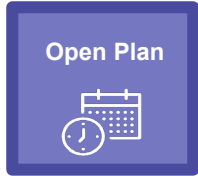

## Deltek Project Portfolio Management Suite

### **COBRA FOR COST AND EARNED VALUE MANAGEMENT**

Manage costs, establish compliance controls, measure earned value, predict performance, and achieve success.

### **OPEN PLAN FOR SCHEDULE AND RESOURCE MANAGEMENT**

Planning and scheduling with multi-project support, resource management, risk analysis and flexible reporting.

### **PM COMPASS FOR PROJECT VISIBILITY AND CONTROL**

Use workflows to drive project management, scheduling, cost management, change control, reporting and analysis.

### **WINSIGHT ANALYTICS FOR EARNED VALUE ANALYSIS**

Analyze earned value data, visualize trends, evaluate project performance, and improve compliance reporting.

### **ACUMEN SUITE FOR SCHEDULE QUALITY, RISK AND MODELING**

Analyze schedule and cost data, manage risk, accelerate schedules and be confident in your ability to deliver.

### **ACUMEN TOUCHSTONE FOR EVALUATING SCHEDULES**

Automate and standardize schedule submissions, assessments, and feedback to improve quality.

## **Earned Value Management Compliance**

Deltek's PPM solutions offer unsurpassed earned value capabilities. Nine of the top ten government contractors use Deltek's PPM solutions to help achieve and maintain compliance on their largest contracts.

## **Integration Capabilities**

- Deltek's Project Portfolio Management products integrate with each other to provide the most robust project management solutions available.
- Cobra integrates cost data from all ERP systems, including direct integration with Deltek Costpoint.
- Our PPM solutions import and analyze third party schedule data.
